

Install Instructions for Digital Drive

****New Computers with only USB-C drives may require a USB-C to USB adapter**

1. Download and install the correct Adobe Air version (Windows or MacOS) at <https://airsdk.harman.com/runtime>.
2. Once installed, follow these instructions to install the Family Love Letter application based on your operating system.

For Windows users:

3. Insert the Family Love Letter thumb drive into your computer
4. Double click the Install_Family_Love_Letter.air file located on the thumb drive in the WINDOWS folder.
5. Follow the remaining install prompts

On a MAC:

3. Insert the Family Love Letter thumb drive into your computer
4. Double click the Install_Family_Love_Letter.air file located on the thumb drive in the MAC folder.
5. Follow the remaining install prompts
